

Aviators Host Family Questionnaire

Players

The Atwater Aviators are collegiate athletes that come from around the nation and locally as well. Getting to this level of competitive baseball requires discipline, dedication and much sacrifice. Our athletes are polite, respectful and grateful.

Players Background Info

Players are coming to Atwater, California to experience the feel of Minor League baseball to prepare for their future in the sport. Most players having been playing baseball for most their lives and are enthusiastic to advance their skills in front crowds across California.

The Players In-Season Schedule

The Atwater Aviators play 50+ games from early June to Mid August. Games are played Tuesday through Sunday, with Monday usually scheduled as Off Days. Most games start at 7:00pm. Typically, practices will be held on a to be determined basis. Please visit the latest schedule at www.atwateraviators.com.

Why Players Choose a Host Family

- Our players are starving students!
- Finding a place to live with a flexible 1-2 month lease is impossible.
- They are hardly ever at home.
- Gives players who live in different states a chance to enjoy summer baseball in California.
- Living with a Host Family provides players a home away from home in a environment that allows them to make the right choices.

What to Expect as a Host Family

- Hosting a player is very similar to hosting a foreign exchange student. A host family is expected to provide rent free accommodations. Bedroom, access to a bathroom, laundry room and fridge.
- Host Families are not required to provide transportation but a lift is much appreciated.
- Each player is responsible for his own food, although many families will occasionally provide some meals.
- House rules are set up by the Hosting Family.

How to Become a Host Family

Still interested, If so, please fill out the attached questionnaire and return it to the attention of Richard Ruiz. You will then be put on a waiting list for the 2010 season and contacted as the season approaches.
